# How to find an Internship

Be aware, that - depending on the economical situation - it might take up to 200 outreaches to find a suitable internship.

So, it is good to make a structured list (e.g. in EXCEL), to track how far the outreach proceed.

## Possible Templates for Communication

### Email template for a unsolicited application (Initiativbewerbung)

Betreff: Pflichtpraktikum / Praxissemester – Embedded/Elektronik – ab  
<Monat Jahr> (12–20 Wochen)

Guten Tag Herr/Frau <Name>,

ich studiere <Studiengang> an der <Hochschule> und suche ein  
<Pflichtpraktikum/Praxissemester> ab <Datum>.

Ich kann Ihr Team konkret unterstützen bei:

- <1> (z.B. Embedded C / STM32 / RTOS / CAN)
- <2> (z.B. Prüfaufbauten / Python Testautomation / HIL)
- <3> (z.B. PCB-Layout / Altium / Inbetriebnahme)

Kurzprofil: <1 Satz – was du schon gebaut/getestet hast>.

Anbei: CV + Notenübersicht + 1 Seite Projektportfolio.

<optional>

Ich bin auf Ihr Unternehmen aufmerksam geworden, weil <1 kurzer Bezug:  
Produkt/Technologiefeld/Branche>.

Falls es grundsätzlich denkbar ist, Praktika in Ihrem Bereich zu  
betreuen:

Könnten Sie mir ggf. sagen, ob es bei Ihnen eine passende  
Ansprechperson gibt (fachlich/technisch)

oder ob Sie mir empfehlen würden, mich über einen bestimmten Weg zu  
bewerben?

Viele Grüße

<Name>

<Tel> | <LinkedIn/GitHub> | <E-Mail>

Why this template is likely to work:

1. Recruiters skim extremely fast.
  - In an eye-tracking study, the average initial resume screen was ~7.4 seconds, see [TheLadders Eye-Tracking Study \(PDF\)](#)
  - “Good” resumes shared: clear section/title headers, job titles that pop, and bullet-style accomplishment lists (F-/E-pattern scanning). Cluttered, long-sentence layouts performed

worse.

2. German application guidance explicitly recommends short, value-first openings, see [StepStone: Einleitungssatz Bewerbung](#)
  - opening should be max 2-3 sentences
  - avoid generic phrases
  - explicitly “Mehrwert betonen”.
3. For Germany, email+PDF routing/forwarding is the normal “plumbing” for SMEs too, see [Absolventa: Bewerbung per E-Mail](#).
  - for email applications (incl. Initiativbewerbungen), combine the whole application into one digital file (PDF), because it can be forwarded internally quickly to the right person.
  - The email subject should clearly state what you apply for so it can be assigned correctly.

## Phone script (30 seconds)

```
Hallo, mein Name ist <Name>, ich studiere <Studiengang> an der
<Hochschule>.
Ich habe Ihnen eine kurze Initiativbewerbung für ein Praxissemester
geschickt (Embedded/Elektronik).
Ist das bei Ihnen angekommen – und wer wäre die richtige technische
Ansprechperson?
```

## via Job Portals

In the following some relevant search engines are shown.

Be aware that the following links are already partially filtered by:

- vicinity to Heilbronn
- Praktikum

You might also look for keywords like

- Elektrotechnik, Elektronik, Electronics
- Embedded, Microcontroller
- ECAD,
- EMC, EMV

The following list covers relevant job search sites:

1. [Stepstone](#) - strong in Germany; good filters by city/region
2. [Xing Jobs](#) - Germany-heavy.  
Refine the search by the “hamburger menu” with
  1. Search radius: as you wish
  2. Employment type: Student
  3. Career level: Student/Intern
3. [LinkedIn Jobs](#) - best for “embedded/firmware” and direct networking
4. [Jobware](#)
5. [GlassDoor](#)

6. [XING - Praktikum Jobs](#)
7. [Absolventa](#)
8. [Bundesagentur für Arbeit - Jobsuche \(Praktika\)](#) - often overlooked, but does not have as much results  
Refine the search by clicking onto "Arbeit" below "Was suchen Sie?" and change it to "Praktikum/Trainee/Werkstudent"

## “Indirect” directories (great for SMEs)

The following websites are good spots to find small and medium enterprises (“SME's”) which might look for engineers.

An unsolicited application to them would a a good idea. 

1. [get in Engineering job search](#)
2. [Fachverband microtec-suedwest](#)
3. [Clusterportal BW](#)
4. [Korporative Mitglieder des VDE Württemberg](#)

Also via the B2B supplier directory one can find EMS/automation integrators fast:

1. [wlw.de: Elektronik-Fertigung \(Heilbronn\)](#)
2. [wlw.de: Elektronik-Fertigung \(Stuttgart\)](#)
3. [wlw.de: Elektronik-Fertigung \(Karlsruhe\)](#)

Additionally, exhibitors are companies which are actively selling & building new products. They often hiring quietly.

also companies from there are suitable for an internship

- [embedded world exhibitors](#)
- [SPS \(automation\) exhibitors](#)
- [Control \(quality/testing\) exhibitors](#)
- [Motek \(production/automation\) exhibitor directory](#)
- [All About Automation](#)
- [Expo for Electronics Manufacturing](#)

## Google operators

### Keywords

Suitable keywords for electronics topics:

- Entwicklungsingenieur, Elektronikentwicklung, Hardwareentwicklung, Automatisierung,
- Prüftechnik, Prüfstand, Testautomatisierung, Hardware-in-the-Loop
- Mikrocontroller, Embedded Software, firmware
- EMV, EMC, EMS, Pre-Compliance
- Leistungselektronik, power electronics, DC/DC, Inverter, Motorsteuerung, BMS, Batterie Management, SiC, GaN, power electronics, Schaltnetzteil
- PCB Layout, Leiterplattenlayout, Altium, kiCAD, ECAD, Leiterplattenbestückung,

Suitable keywords for roles:

- ( "Internship" OR "Working student" OR "Bachelorarbeit" OR "Masterarbeit" OR "Abschlussarbeit" OR "Pflichtpraktikum" OR "Werkstudent" OR "Praxissemester" OR "Praktikum" )

## Add the region smartly

Append one of these blocks:

- (Heilbronn OR Neckarsulm OR "Region Stuttgart" OR Ludwigsburg OR Böblingen OR Sindelfingen OR Esslingen)
- (Karlsruhe OR Ettlingen OR Bruchsal OR Pforzheim OR "Technologieregion Karlsruhe")
- (Mannheim OR Heidelberg OR Ludwigshafen OR "Rhein-Neckar")

## filter urls

Often the URLs of the companies have "job-relevant" keywords, like:

- inurl:karriere
- inurl:jobs
- inurl:stellen

## Examples search strings

Search **career pages** directly:

- ("Praktikum" OR "Praxissemester" OR "Werkstudent") (Embedded OR Elektronik OR Prüftechnik) (Heilbronn OR Stuttgart OR Karlsruhe OR Mannheim) inurl:karriere
- (Praxissemester OR Abschlussarbeit) Elektronik inurl:jobs
- (Prüftechnik OR EMV OR EMC) Praktikum inurl:stellen

Exclude giants (reduce noise):

- ("Praktikum Embedded" Stuttgart) -Bosch -Porsche -Mercedes -Daimler -SAP -ZF -Continental

General search for suitable companies

- ("Leiterplattenbestückung" OR EMS OR "Elektronikfertigung") (Heilbronn OR Karlsruhe OR Mannheim)

Search LinkedIn via Google

- site:linkedin.com/jobs ("Werkstudent" AND Embedded AND Stuttgart)
- site:linkedin.com/company ("Elektronik" AND "Karriere") Stuttgart

## Examples for SME Jobs

Examples for possible jobs beyond the big players (from 16.12.25):

1. ATS Automation - Praktikum in Engineering & Design
2. Schulz Group - Praktikant / Werkstudent (m/w/d) Produktentwicklung – Konstruktion & Elektronik

3. Carrybots - Installation und Deployment Mobile Roboter, Softwareentwicklung Robotik ROS
4. VEGA Grieshaber - Abschlussarbeit/Praktikum/Werkstudententätigkeit: Hardware oder Software im Bereich Embedded Systems

## Job Fairs

**Important:** dates shift slightly each year - start checking **Aug/Sep** and bookmark the “event calendar” pages.

A quick list of the job fairs that regularly deliver SMEs and “hidden gems”

- **MeetING (HHN, Heilbronn)** - engineering-focused, very regional (Oct)
- **CareerContacts (HKA, Karlsruhe)** - multiple days, includes engineering faculties (Oct)
- **IT-Mittelstandstag (HS Esslingen)** - explicitly SME-focused (Nov)
- **StepIn (Uni Stuttgart)** - all engineering, annual (Nov)
- **bonding Firmenkontaktmesse Karlsruhe** - big student fair; many suppliers/SMEs participate (late Nov)

### Calendar (between 01.10 - 31.12, recurring / usually each year)

| When (usually)            | Event   | Where                                     | Why it's useful for electronics/embedded internships  | Link  |
|---------------------------|---|---|---|---|
| October (early/mid)       | <b>MeetING (Firmenkontaktmesse für Ingenieur-Studierende)</b> | Hochschule Heilbronn (TechCampus)         | Regional employers, suppliers, engineering services; easy to ask for Praxissemester/Praktikum | <a href="#">MeetING (HHN)</a>                             |
| October (20-23-ish)       | <b>CareerContacts</b>   | Hochschule Karlsruhe (HKA)                | Multi-day career fair; includes engineering & IT; good for “quiet hiring”                     | <a href="#">CareerContacts (HKA)</a>                      |
| October (mid/late)        | <b>Karrieretag Karlsruhe</b> (open fair)                      | Karlsruhe (e.g., Schwarzwaldhalle)        | General fair, but often many regional SMEs + direct CV checks                                 | <a href="#">Karrieretag Karlsruhe (Stadt-Kalender)</a>    |
| October (mid/late)        | <b>CareerSprint Mittelstand</b>                               | TH Mannheim                               | Campus-based “Mittelstand” format; good for internships/theses                                | <a href="#">CareerSprint Mittelstand (TH Mannheim)</a>    |
| October (mid/late)        | <b>Aalener Industriemesse (AIM for students)</b>              | Hochschule Aalen                          | Classic engineering student fair; many tech companies from BW                                 | <a href="#">AIM for students (Aalen)</a>                  |
| Oct-Dec (lecture series)  | <b>Hohenheimer CareerDays</b>                                 | Universität Hohenheim (Stuttgart)         | Company talks + networking; some industrial/tech companies show up                            | <a href="#">Hohenheimer CareerDays</a>                    |
| November (early)          | <b>MeetIT</b>   | Hochschule Heilbronn (TechCampus)         | Great for embedded/IoT/software-near-hardware internships                                     | <a href="#">MeetIT (HHN)</a>                              |
| November (early, Wed)     | <b>IT-Mittelstandstag</b>                                     | Hochschule Esslingen                      | SME-heavy by design; ideal for “hidden gems”  | <a href="#">IT-Mittelstandstag (HS Esslingen)</a>         |
| November (mid)            | <b>Informatik-Kontaktmesse</b>                                | Universität Stuttgart (Informatikgebäude) | Not only IT: many embedded/automation employers recruit here too                              | <a href="#">Informatik-Kontaktmesse (Uni Stuttgart)</a>   |
| November (mid/late)       | <b>StepIn - Firmenkontaktmesse</b>                            | Universität Stuttgart (Campus Vaihingen)  | Annual engineering fair; practical for Praktikum/Bachelor/Master topics                       | <a href="#">StepIn (Uni Stuttgart/TRACES)</a>             |
| Late November             | <b>bonding Firmenkontaktmesse Karlsruhe</b>                   | Karlsruhe                                 | Very big student fair; many SMEs, suppliers, engineering services                             | <a href="#">bonding Karlsruhe</a>                         |
| December (early)          | <b>Firmenkontaktmesse (e.g., SimTech / Uni Stuttgart)</b>     | Universität Stuttgart (Campus Vaihingen)  | Often niche/tech-specific companies; good for R&D internships                                 | <a href="#">SimTech Firmenkontaktmesse (example page)</a> |
| December (support events) | <b>Career Service workshops</b> (CV checks etc.)              | Uni Stuttgart / online                    | Not a fair, but boosts application quality fast (useful for internationals)                   | <a href="#">TRACES event calendar</a>                     |
| December (networking)     | <b>VDE After Work Stuttgart</b>                               | Stuttgart                                 | Short networking evening; good for informal contacts + hidden roles                           | <a href="#">VDE After Work Stuttgart</a>                  |

## How to use these fairs to find “hidden gem” internships (fast playbook)

### 1. 2-3 weeks before

1. Download exhibitor lists; pick **20 target SMEs** (suppliers, test houses, automation integrators, EMS/PCB, energy/storage).
2. Prepare a **30-second pitch** + 1-page CV (German-style).
3. Book time slots if the fair uses a matching platform.

### 2. At the fair

1. Ask **directly**: “Do you supervise Praxissemester/Praktikum projects even if nothing is advertised?”
2. Ask for **the technical hiring person** (team lead / lab engineer), not only HR.

### 3. Within 24-48 hours

1. Send follow-up email: “Nice meeting you + 2 internship project ideas I can execute in 12 weeks.”

## The big List

In recent years, the “big players” have been more cautious about hiring employees and posting job openings, even for internships.

So you can look around there—but don't feel sorry for yourself if you get rejected.

| ID | Company size | Company name                         | Short description  | Tags   | State (Bundesland)       |
|----|--------------|--------------------------------------|--|--|--------------------------|
| 1  | Big          | <a href="#">ABB</a>                  | Industrial automation, drives and robotics with lots of embedded control and connectivity work.        | Industrial Automation; Factory Automation/Machinery; Drives & Motion Control; Robotics; Industrial Networking/IIoT; Embedded Software; Firmware; Embedded C/Cpp; RTOS; Industrial Ethernet; PROFINET; OPC UA; Testing/Test Automation; Systems Engineering | Baden-Württemberg + more |
| 2  | Big          | <a href="#">Agilent Technologies</a> | Test/measurement and lab instruments with embedded electronics and firmware-heavy product development. | Test & Measurement; Measurement Technology; Embedded Software; Firmware; Electronics Design (Schematic/PCB); EMC/EMI; Connectivity/IoT Devices; V&V; Testing/Test Automation   | Baden-Württemberg + more |
| 3  | Big          | <a href="#">ALSTOM</a>               | Rail engineering with safety-critical embedded software, signalling and traction systems.              | Rail/Signalling; EN 50128/50129; Functional Safety; Systems Engineering; Requirements; Embedded Software; Embedded C/Cpp; RTOS; Embedded Linux; V&V; Testing/Test Automation   | Baden-Württemberg + more |

| ID | Company size | Company name                        | Short description  | Tags   | State (Bundesland)                 |

|-----|--------------|---------------------------------------|---|---|--------------------------|
| 136 | SME          | <a href="#">NEURA Robotics</a>        | Robotics company with strong overlap of embedded systems, perception, edge AI and mechatronics.         | Robotics; AI; Edge AI; embedded AI; Computer Vision/Embedded Vision; Sensors/Industrial Sensing; Sensor Fusion; Signal Processing; Embedded Software; Embedded Linux; RTOS; Systems Engineering                             | Baden-Württemberg + more |
| 137 | Medium       | <a href="#">SMR Automotive</a>        | Automotive camera/mirror systems with SoC-level embedded SW, drivers and vision-related processing.     | Automotive/Mobility; Tier-1 Supplier; Computer Vision/Embedded Vision; Signal Processing; Embedded Software; Embedded Linux; Device Drivers/Low-Level; Firmware; Testing/Test Automation; V&V; Functional Safety; ISO 26262 | Baden-Württemberg + more |
| 138 | Medium       | <a href="#">Hectronic</a>             | Parking, payment and e-mobility solutions with connected devices and embedded/IoT-heavy product work.   | Battery/BMS/E-Mobility; Connectivity/IoT Devices; Embedded Software; Embedded Linux; Firmware; Electronics Design (Schematic/PCB); Cybersecurity (Embedded); Testing/Test Automation; V&V                                   | Baden-Württemberg + more |
| 139 | Medium       | <a href="#">Fritz Kübler</a>          | Encoders and counting/measurement electronics with embedded interfaces and device-level development.    | Sensors/Industrial Sensing; Measurement Technology; Industrial Networking/IIoT; Industrial Ethernet; IO-Link; Embedded Software; Firmware; Electronics Design (Schematic/PCB); Testing/Test Automation                      | Baden-Württemberg + more |
| 140 | Medium       | <a href="#">Securiton Deutschland</a> | Security and fire/alarm systems with embedded devices, connectivity and verification-heavy engineering. | Defence/Security; Sensors/Industrial Sensing; Connectivity/IoT Devices; Embedded Software; Firmware; Cybersecurity (Embedded); IEC 62443; Testing/Test Automation; V&V  | Baden-Württemberg + more |
| ID  | Company size | Company name                          | Short description   | Tags  | State (Bundesland)       |

141 | Medium | [FAULHABER](#) | Precision drive systems (micromotors/encoders) with embedded motor control and electronics development. | Drives & Motion Control; Motor Control; Closed-Loop Control; Mechatronic Systems; Embedded Software; Firmware; Electronics Design (Schematic/PCB) | Baden-Württemberg + more | 142 | Medium | [Kistler Group](#) | Industrial sensing and measurement technology with embedded firmware, signal processing and HW development. | Sensors/Industrial Sensing; Measurement Technology; Test & Measurement; Embedded Software; Firmware; Electronics Design (Schematic/PCB); Signal Processing; Testing/Test Automation; V&V | Baden-Württemberg + more |

143 | Medium | [HMS Networks](#) | Industrial networking/IIoT products (gateways, connectivity) with embedded software and protocol work. | Industrial Networking/IIoT; Industrial Ethernet; Fieldbus; OPC UA; MQTT; Connectivity/IoT Devices; Embedded Software; Embedded Linux | Baden-Württemberg + more | 144 | Medium | [Lorch Schweißtechnik](#) | Welding power sources/systems with power electronics, embedded control and industrial automation interfaces. | Factory Automation/Machinery; Industrial Automation; Power Electronics; Embedded Software; Firmware; Electronics Design (Schematic/PCB); EMC/EMI; Testing/Test Automation | Baden-Württemberg + more | 145 | Medium | [VARTA](#) | Battery technology with BMS-related engineering, power electronics touchpoints and product validation. | Battery/BMS/E-Mobility; Power Electronics; Embedded Software; Firmware; Testing/Test Automation; V&V | Baden-Württemberg + more | 146 | SME | [MESCO Engineering](#) | Embedded engineering services (HW/SW) incl. low-level development, testing and safety-oriented projects. | Embedded Software; Embedded C/C++; RTOS; Embedded Linux; Device Drivers/Low-Level; Electronics Design (Schematic/PCB); Testing/Test Automation; V&V; Systems Engineering; Requirements | Baden-Württemberg + more | 147 | Medium | [csi entwicklungstechnik](#) | Engineering services for embedded/electronics with strong automotive validation, tooling and integration work. | Automotive/Mobility; Embedded Software; Embedded C/C++; Embedded Linux; Testing/Test Automation; HIL/SIL; Systems Engineering; Requirements; Functional Safety; ISO 26262 | Baden-Württemberg, Bayern + more | 148 | SME | [ViGEM](#) | Engineering consultancy for embedded/ECU topics, testing and systems engineering across mobility/industry. | Automotive/Mobility; Embedded Software; Embedded C/C++; Embedded Linux; Testing/Test Automation; V&V; HIL/SIL; Systems Engineering; Requirements; CI/CD (Embedded) | Baden-Württemberg, Bayern + more | 149 | Medium | [AIM Infrarot-Module](#) | IR sensor modules for demanding applications with embedded electronics, imaging and signal processing. | Sensors/Industrial Sensing; Optics/Imaging/Metrology; Computer Vision/Embedded Vision; Signal Processing; Embedded Software; Firmware; Electronics Design (Schematic/PCB); V&V | Baden-Württemberg + more | 150 | SME | [burster](#) | Precision measurement components/instruments with electronics design and embedded-capable products. | Sensors/Industrial Sensing; Measurement Technology; Test & Measurement; Electronics Design (Schematic/PCB); Embedded Software; Firmware; EMC/EMI | Baden-Württemberg + more | 151 | SME | [Volocopter](#) | eVTOL developer with avionics-adjacent embedded work, electrification and system validation topics. | Aerospace/Avionics; Battery/BMS/E-Mobility; Embedded Software; Embedded C/C++; RTOS; Systems Engineering; Testing/Test Automation; V&V | Baden-Württemberg + more | 152 | Medium | [Berthold Technologies](#) | Process/radiation instrumentation with embedded electronics, sensing and regulated testing needs. | Process Instrumentation; Sensors/Industrial Sensing; Measurement Technology; Embedded Software; Firmware; Electronics Design (Schematic/PCB); Testing/Test Automation; V&V | Baden-Württemberg + more | 153 | Medium | [METZ CONNECT](#) | Industrial connectivity components/systems with strong IIoT/industrial ethernet ecosystem relevance. | Industrial Networking/IIoT; Industrial Ethernet; Connectivity/IoT Devices; Electronics Design (Schematic/PCB) | Baden-Württemberg + more | 154 | Medium | [elobau](#) | Sensors and control elements for machinery/vehicles with embedded electronics and mechatronics. | Sensors/Industrial Sensing; Mechatronic Systems; Embedded Software; Firmware; Electronics Design (Schematic/PCB); Automotive/Mobility; Commercial Vehicles | Baden-Württemberg + more | 155 | Medium | [J. Wagner / WAGNER Group](#) | Surface-finishing equipment with automation, controls and embedded/IIoT connectivity topics. | Factory Automation/Machinery; Industrial Automation; Robotics; Embedded Software; Firmware; Industrial Networking/IIoT; Testing/Test Automation | Baden-Württemberg + more | 156 | SME | [Apex.AI](#) | Safety-oriented software stack for mobility/robotics with embedded Linux/RTOS and CI/CD-heavy work. | Automotive/Mobility; Embedded Software; Embedded C/C++; RTOS; Embedded Linux; Functional Safety; ISO 26262; CI/CD (Embedded); Systems Engineering; Requirements | Baden-Württemberg, Bayern + more | 157 | Medium | [Hirschmann Automotive](#) | Automotive connectivity/mechatronics with electronics development, validation and production-near engineering. | Automotive/Mobility; Tier-1 Supplier; Connectivity/IoT Devices; CAN/LIN; Embedded Software; Firmware; Electronics Design (Schematic/PCB); Testing/Test Automation; V&V | Baden-

Württemberg + more | 158 | Medium | [TESAT-Spacecom](#) | Space communication payloads with embedded systems, FPGA/signal processing and systems engineering. | Aerospace/Avionics; Optics/Imaging/Metrology; Signal Processing; FPGA; Embedded Software; Embedded C/C++; RTOS; Systems Engineering; Requirements; V&V; Testing/Test Automation; Cybersecurity (Embedded) | Baden-Württemberg + more | 159 | Medium | [ZwickRoell](#) | Test and measurement machines with embedded control, automation and mechatronics-heavy development. | Test & Measurement; Measurement Technology; Factory Automation/Machinery; Industrial Automation; Embedded Software; Firmware; Electronics Design (Schematic/PCB); Testing/Test Automation; V&V | Baden-Württemberg + more | 160 | Medium | [RAFI](#) | HMI/control components and electronics with embedded firmware and industrial device development roles. | Industrial Automation; Connectivity/IoT Devices; Embedded Software; Firmware; Electronics Design (Schematic/PCB); EMC/EMI; Testing/Test Automation; V&V | Baden-Württemberg + more | 161 | Medium | [Kontron Electronics](#) | Embedded electronics development/production with low-level SW and hardware design for industry/medical/security. | Embedded Software; Embedded Linux; Device Drivers/Low-Level; Firmware; Electronics Design (Schematic/PCB); EMC/EMI; Testing/Test Automation; V&V | Baden-Württemberg + more | 162 | Medium | [ACONEXT](#) | Engineering services offering many entry roles in embedded, E/E, testing and systems engineering. | Systems Engineering; Requirements; Embedded Software; Testing/Test Automation; V&V; HIL/SIL; Functional Safety; ISO 26262; Electronics Design (Schematic/PCB) | Baden-Württemberg + more | 163 | SME | [STÖRK-TRONIC](#) | Embedded electronics and measurement/control technology with HW-near embedded development (incl. MedTech projects). | Medical Devices/MedTech; Measurement Technology; Embedded Software; Firmware; Embedded C/C++; Electronics Design (Schematic/PCB); EMC/EMI; Testing/Test Automation; V&V | Baden-Württemberg | 164 | SME | [NeuroCheck](#) | Machine-vision software/sensor solutions with embedded-vision, algorithms and integration-focused engineering. | Computer Vision/Embedded Vision; Sensors/Industrial Sensing; Signal Processing; Embedded Software; Embedded C/C++; Embedded Linux; CI/CD (Embedded); Testing/Test Automation; Systems Engineering | Baden-Württemberg | 165 | SME | [Vision Components](#) | Embedded-vision cameras/modules (ARM/Linux/edge vision) with firmware and imaging-heavy development. | Computer Vision/Embedded Vision; Sensors/Industrial Sensing; Embedded Software; Embedded Linux; Firmware; Signal Processing; Electronics Design (Schematic/PCB); Connectivity/IoT Devices | Baden-Württemberg + more |
